

# FAST CARBON HELMET

Integrated military style Head-Loc chinstrap.

Lightweight, Multi-impact, Ventilated liner with repositionable EPP impact and LDV closed-cell comfort foam that is not affected by temperature, altitude or moisture. 1/2" and 3/4" EPP pads come with the helmet.

Occ-Dial adjustable fit band with replaceable leather front, nape, and side pads quickly detaches to allow convenient donning and doffing of COMMs headsets with internal top headbands.

FAST-ARCs - 4 Position Accessory Rail Connectors: non-snag attachment points for quick yet secure donning or doffing of head borne accessories, including lights, cameras, goggles, COMMs, mandibles, etc.

Molded-in front mount to attach lights, cameras and NVG brackets.

Bungees for NVG stability.

Side Velcro loop for patches and illuminators.

Includes a Picatinny Adapter and Wing-Loc Adapter for the side rail and Universal Adapter for the front mount
